Re: Galletto Ristorante – Modesto

Dear Frank,

I am writing this letter in thanks to you and your organization for the exemplary work performed on our restaurant.

I would like to commend Muller Design on the quality of work performed and professionalism your company has displayed. You handled dilemmas and difficult situations with grace. Further, Muller Design Associates made all the important deadlines and delivery dates exactly as you had promised; on time and on budget.

I would fully recommend your company to anyone embarking on such a difficult project as our own. With your effort and dedication we know Galletto Ristorante will be a great success.

Sincerely,
